DATE: DECEMBER 1, 2010
SUBJECT: UGI RIGHT OF WAY REQUEST – HELLERTOWN ROAD/SR 412

I, along with the Bureau of Engineering, have reviewed the Right-of-Way request from UGI to install facilities for conveying telecommunications and other electronic or optical transmissions, underground electric distribution facilities, and a pipeline, service laterals and related facilities to the conveyance, transmission and distribution of gas as shown on the attached plan.

It is recommended that a Resolution be adopted granting this Right-of-Way.

Please contact me if you have any questions or would like further information regarding this request.

Thank you,
