Description of Work

1. Install Storm door
2. Install two ¼" thick X 8" high X 12" wide glass panels in existing wood front door.
3. Install two wrought iron railings at front porch.
4. Replace existing plastic exterior front door light with lantern style fixture.

Item #1 Storm Door for Front Door

4000 SERIES

Top of the line storm doors with our most innovative features

STANDARD FEATURES:

- Our thickest aluminum frame (1-1/2" thick) with reinforced corners for long-lasting smooth operation
- Premium double layer weatherstripping on top, bottom and sides for a weathertight fit
- Handle side edge seal for additional weather protection
- Dual door closers for added durability
- Push-button door stay keeps the door open while keeping your hands free
- Built-in keyed deadbolt lock for added security

QUICK CHANGE SYSTEM

Quickly switch from insect screen panel to glass panel in 3 simple steps.

LIMITED LIFETIME WARRANTY

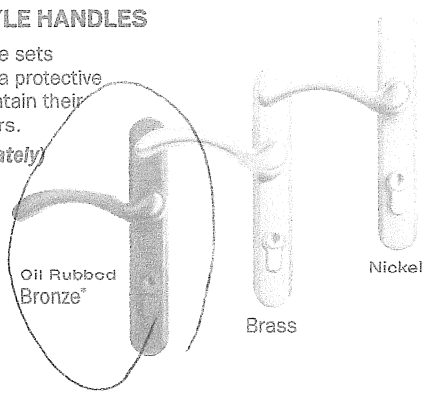

ANDERSEN® 4000 SERIES FULLVIEW STORM DOOR WITH CLEAR GLASS

4000 Series Style Options:

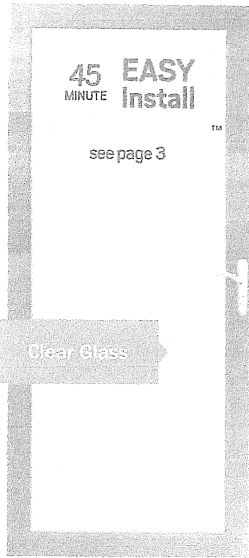

TRADITIONAL STYLE HANDLES

Nickel and brass handle sets feature TarnishGuard™, a protective coating that helps maintain their attractive finish for years. *(Handle set sold separately)*

DOOR COLORS

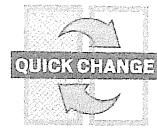

4000 Series | Fullview with Clear Glass

Our top of the line seasonal ventilation storm door that changes from glass to insect screen in less than a minute

ADDITIONAL FEATURES:

Patented Quick Change System
Change from insect screen to full glass panel in **LESS THAN A MINUTE** with the simple flip of the handle.

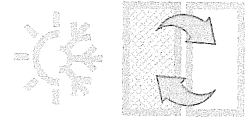

Optional Low-E Glass
Improves energy efficiency by 29% over standard glass*

SpineLoc® Insect Screen System
3x stronger retention than standard insect screens**

Custom Sizes
Available in standard as well as custom sizes

Seasonal Ventilation
Features interchangeable insect screen and glass panels (both included) for your choice of fresh air or full glass protection

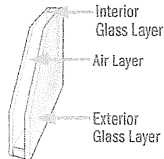

4000 Series | Fullview with Dual Pane Insulating Glass

Our top of the line seasonal ventilation storm door offers enhanced energy efficiency

ADDITIONAL FEATURES:

Patented Quick Change System
Change from insect screen to full glass panel in **LESS THAN A MINUTE** with the simple flip of the handle.

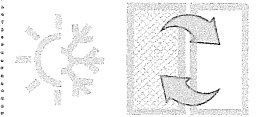

Dual Pane Insulating Glass (standard)
Improves energy efficiency by 50% over standard glass***

Optional Low-E Glass with Argon Gas Blend
Upgrade to optional Low-E Dual Pane Insulating Glass with argon gas blend to maximize energy efficiency – 73% improvement over single pane glass*

SpineLoc® Insect Screen System
3x stronger retention than standard insect screens**

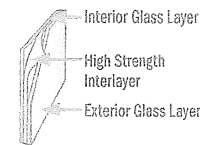

Seasonal Ventilation
Features interchangeable insect screen and glass panels (both included) for your choice of fresh air or full glass protection

4000 Series | Fullview with Laminated Safety Glass

Our top of the line storm door with laminated glass for enhanced security and safety

ADDITIONAL FEATURES:

Laminated Safety Glass
Shatter resistant laminated safety glass, similar to a car windshield, offers enhanced security while providing maximum view and light

3-Point Locking System
Maximum strength and security with separate locks built into the top, middle and bottom of the door frame

Permanently Fixed Laminated Glass Panel
Designed to enhance security

Note: Because the glass panel is permanently secured in place, this door does not feature the Quick Change system or an insect screen panel for ventilation

*Center of glass values comparing Low-E glass with standard glass. Not available in custom sizes.

**For demonstration purposes only, don't do this at home.

Install Glass Panels in Front Door

Photo of 123 East Wall St. depicting a similar door with two glass panels.

Our door will have the glass installed in the same two upper panels of the door.

Tempered glass will be the same size as the existing raise panels, $\frac{1}{4}$ " thick X 8" X 12".

Item #3 | Front Porch Railings

← photo provided by Innovative Fence & Ironworks to represent the railing that would be installed. Railing is wrought iron.

Two railings to be installed on either side of front door. by Innovative Fence + Ironworks

2463 Wassergrass Rd

Hellertown, PA 18055

610-573-7092

per the contractor "Railing would be directly flush mounted into the brick walkway with hydraulic cement."
