

CITY OF BETHLEHEM
INTER-DEPARTMENTAL CORRESPONDENCE

SUBJECT: Request for Approval by City Council of Contract Award or Contract Price Increase Pursuant to City Ordinance, Article 121.05 (a)
Project or Contract Reference: 2021 23 WWTP Regulatory Consulting Services

TO: City Council, all members, and Council Solicitor

FROM: Edward J. Boscola, PE, Director of Water and Sewer Resources

DATE: May 10, 2021

On behalf of the Administration, pursuant to City Ordinances, Article 121.05, I request City Council's approval of the following recommendation of the referenced contract award or price increase.

- Check Type of Contract or Change:

The contract is for over \$50,000 and required to be bid under the Third Class City Code. We have advertised the above referenced project and received qualified bids. We recommend award of the contract to the bidder identified and for the reasons stated below.

The recommendation is for a price increase of 10% or more for an existing contract over \$50,000 that was previously bid and awarded under the Third Class City Code.

The contract is for the engagement of professional services. We have received and reviewed a proposal for professional services in connection with above referenced project. We recommend award of the contract to Kleinfelder, Inc.

- Is the contract appropriation or price increase included in this year's budget? yes no

2021 Sewer Operating Fund

- Identify contract funding sources (general fund, grants, loans, etc.....):

Account 3003-42055 – Professional Services

- The name and address of the recommended Professional Service Provider are:

Kleinfelder, Inc.
150 College Road West, Suite 100
Princeton, NJ 08540

- Term of contract or estimated completion date, subject to standard extensions:

The contract shall run through December 31, 2022.

- Description of project or scope of services to be provided:

Consultant shall provide consulting services to assist the City on regulatory matters related to the Waste Water Treatment Plant and its hydraulic and organic load limits and plant expansion plans. This effort will be coordinated with design efforts currently underway with an engineering consultant to expand plant capacity. Services will include consultation with the City, PaDEP and DRBC in developing regulatory strategies, evaluations, and permit revisions. Service will be provided on a time and expense basis under an initial not to exceed contract amount.

- State the actual or estimated price to the City or the proposed Department budget allowance for the initial term; and state payment rate per unit of service if applicable:

\$50,000

- Number of renewal term options and duration of each renewal, if any:

N/A

- Maximum dollar value of all renewals provided for beyond the original term as if all renewals were exercised:

\$50,000

- Reasons for recommendation of Administration and Council approval of contract:

Kleinfelder comes highly recommended among peer waste water treatment plant operators on regulatory matters with PaDEP and DRBC. Kleinfelder's scope will complement that provided by our design engineering consultant, AECOM, on WWTP expansion plans and permit revisions.

Please approve this recommendation by passing the accompanying resolution. A vote of final approval is requested at the first City Council agenda listing of this matter.
