HISTORICAL & ARCHITECTURAL REVIEW BOARD

APPLICATION #2: The applicant/owner of the property located at 55 West Market Street proposes to remove the old roof and install ice and water shield, new synthetic roof underlayment, and white drip edge.

OWNER: Donald Kass
55 West Market Street
Bethlehem, PA 18018

The Board upon motion by Diana Hodgson and seconded by Fred Bonsall adopted the proposal that City Council issue a Certificate of Appropriateness for the removal of the existing roof shingles on the home and the replacement with GAF Slateline Shingles in the Antique Slate color, with the following conditions:

1. The width of the ice and water shield must be the minimum required by code.
2. The color of any aluminum drip edge material shall match the color of the adjacent trim. In this case, white is allowable due to white gutters and downspouts.
3. The chimney flashing shall be revised to copper.

The vote was unanimous to approve the removal of the existing slate shingles on the home and the replacement with GAF Slateline Shingles in the Antique Slate color, as per the motion.

Guideline Citation: Secretary of Interior Standards No.(s)

#9 New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with historic materials, features, size, scale and proportion, and massing to protect the integrity of the historic property and its environment.

#10 New additions and adjacent or related new construction will be undertaken in such manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Bethlehem Historic District Design Guidelines

Page 7: Roofing: The HARB encourages replacement of roofing materials when beyond repair, matching original color, pattern, material, and texture.

Evaluation, Effect on Historic District, Recommendations: The proposed work conforms with the intent of the Secretary of the Interior's Standards for Rehabilitation and the Bethlehem Historic District Design Guidelines and will have no negative impact to the historic district.
