## **HISTORICAL & ARCHITECTURAL REVIEW BOARD**

APPLICATION #2B: The applicant/owner of the property located at 409 Center Street proposes to remove existing slate roofing from the School Street side of the garage and install new Slateline Shingles, copper flashings and white aluminum drip edge. The attached carriage building is not part of this project.

OWNER: Beahl Fowler  
409 Center Street  
Bethlehem, PA 18018

---

The Board upon motion by Joseph McGavin and seconded by Rodman Young adopted the proposal that City Council issue a Certificate of Appropriateness for the removal of the existing slate roofing, flashings, etc. and installation of new Slateline Shingles in the Antique Slate Color, copper flashing, and white aluminum drip edge, with the following conditions:

1. The Applicant must submit for and secure a Building Permit from the City of Bethlehem.
2. All roof flashings must be of a real copper material.
3. All drip edge and other trims shall match the color of the wood roof trim they are adjacent to or be of a real copper material.

The vote was unanimous to approve the removal of the existing slate roofing, flashings, etc. and installation of new Slateline Shingles in the Antique Slate color, copper flashing, and white aluminum drip edge, as per the motion.

### **Guideline Citation:**

#### Secretary of Interior Standards No.(s)

#9 New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with historic material, features, size, scale and proportion, and massing to protect the integrity of the historic property and its environment.

#10 New additions and adjacent or related new construction will be undertaken in such manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

#### Bethlehem Historic District Design Guidelines

Page 7: Roofing: The HARB encourages,

- Replacement of roofing materials when beyond repair, matching original color, pattern, material, and texture
- Retention of decorative roof elements such as chimneys, cupolas, cresting, finials, eaves, and cornices
- Installing shingle caps along ridge or extending vents continuously to end of ridge
- Painting drip edges to match adjacent trim
- Installing half-round gutters and plain round downspouts

**Evaluation, Effect on Historic District, Recommendations:** The proposed work conforms with the intent of the Secretary of the Interior's Standards for Rehabilitation and the Bethlehem Historic District Design Guidelines and will have no negative impact to the historic district.
