

RESOLUTION NO. _____

RE: CERTIFICATE OF APPROPRIATENESS UNDER THE PROVISIONS
OF THE ACT OF PENNSYLVANIA LEGISLATURE 1961, JUNE 13, P.
L. 282 (53 SECTION 8004) AND BETHLEHEM ORDINANCE NO. 3952
AS AMENDED.

The applicant/owner of the property located at 17 East Church Street proposes to replace the previously demolished, non-original chimney and non-functioning fireplace with a four-panel sliding glass door.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Bethlehem that a Certificate of Appropriateness is hereby granted for the proposal.

HISTORICAL & ARCHITECTURAL REVIEW BOARD

APPLICATION #2: The applicant/owner of the property located at 17 East Church Street proposes to replace the previously demolished, non-original chimney and non-functioning fireplace with a four-panel sliding glass door.

OWNER: Brandon & Erica Horlick
17 East Church Street
Bethlehem, PA 18018

The Board upon motion by Joe McGavin and seconded by Connie Postupack adopted the proposal that City Council issue a Certificate of Appropriateness for the replacement of a previously demolished, non-original chimney and non-functioning fireplace with a four-panel sliding glass door of a width of either 9'-9" or 11'-9", with the following conditions;

1. The Applicant must submit for and secure a Building Permit from the City of Bethlehem
2. Applicant shall submit a sketch elevation indicating the final door selection, and the trim details for final approval.

The vote was unanimous to approve the replacement of a previously demolished, non-original chimney and non-functioning fireplace with a four-panel sliding glass door, as per the motion.

Guideline Citation:

Secretary of Interior Standards No.(s)

#9 New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with historic material, features, size, scale and proportion, and massing to protect the integrity of the historic property and its environment.

#10 New additions and adjacent or related new construction will be undertaken in such manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Bethlehem Historic District Design Guidelines

Page 8: Exterior Woodwork & Siding: The HARB encourages,

- Regularly maintaining and repainting exterior woodwork including repainting, and addressing potential areas of moisture including clogged gutters and downspouts, groundwater, leaky pipes and interior condensation
- Retaining decorative woodwork since it is a character defining element that can be difficult to replace
- Repairing smaller areas of deterioration by reinforcing or patching – small cracks and checks can be repaired with an exterior wood filler, glue, or epoxy – Loose elements can be refastened with nailing or drilling and screwing
- Selectively replacing deteriorated wood elements that are beyond repair with wood pieces that match the size, profile, exposure and pattern, and character of the historic wood element – Wood filler in the joints between the new and old wood will help provide a smooth finish
- Large scale or significant replacement of exterior wood siding with paintable material that match the size, profile, exposure, pattern, and character of the historic wood

The HARB discourages,

- Removing or encapsulating with vinyl or aluminum siding, trim, decorative features, and trim elements such as brackets, spindles, cornices, columns, posts, etc.
- Installing non-wood trim

Evaluation, Effect on Historic District, Recommendations: The proposed work conforms with the intent of the Secretary of the Interior's Standards for Rehabilitation and the Bethlehem Historic District Design Guidelines and will have no negative impact to the historic district.
