RE: Adjustment to resident rate (lower) for Illick's Mill facility
Date: February 22, 2024

During the review of recreation rates at the finance committee meeting on Tuesday, February 20th, Councilwoman Smith questioned the rates for the Illick's Mill facility, as the spread on rates between resident and non-resident shrunk from \$100 to \$50. The intent was to increase each rate \$25 (both resident and non-resident) and maintain the \$100 spread between rates. The non-resident proposal correctly moved from \$450 to \$475, but the proposed resident rate should have only moved from \$350 to \$375, not to \$425. We thank Councilwoman Smith for identifying the issue and ask for approval and subsequent adoption of the attached proposal to reduce the daily resident rate for the Illick's Mill facility from \$425 to \$375.

cc: Director of Public Works
Director of Recreation

RESOLUTION NO. 2024-_____

BE IT RESOLVED by the Council of the City of Bethlehem that the daily resident rate for the Illick's Mill facility be reduced from \$425 to \$375.
