

**CITY OF BETHLEHEM**  
**INTER-DEPARTMENTAL CORRESPONDENCE**

**SUBJECT:** Request for Approval by City Council of Contract Award or Contract Price Increase Pursuant to City Ordinance, Article 121.05 (a)

Project or Contract Reference: 2023 10 Monocacy Way Phase II Design

**TO:** City Council, all members, and Council Solicitor

**FROM:** Michael Alkhal, P.E., Director of Public Works & City Engineer

**DATE:** March 26, 2024

---

On behalf of the Administration, pursuant to City Ordinances, Article 121.05, I request City Council's approval of the following recommendation of the referenced contract award or price increase.

- Check Type of Contract or Change:

\_\_\_ The contract is for over \$50,000 and required to be bid under the Third-Class City Code. We have advertised the above referenced project and received qualified bids. We recommend award of the contract to the bidder identified and for the reasons stated below.

\_\_\_ The recommendation is for a price increase of 10% or more for an existing contract over \$50,000 that was previously bid and awarded under the Third-Class City Code.

X  The contract is for the engagement of professional services. We have received a proposal for professional services in connection with above referenced project. We recommend award of the contract to:

- Is the contract appropriation or price increase included in this year's budget?  X  yes \_\_\_no
- Identify contract funding sources (general fund, grants, loans, etc.....):

STATE	\$441,000	69999-66091
REC FEES	\$441,000	69999-66091

- The name and address of the recommended Professional Service Provider are:

T&M Associates Consulting Engineers  
74 W Broad St, Suite 300  
Bethlehem, PA 18018

- Term of contract or estimated completion date, subject to standard extensions: 12/31/2025
- Description of project or scope of services to be provided:

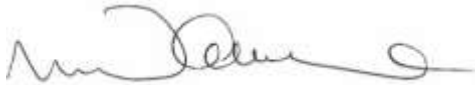

The Monocacy Way Trail improvements project will provide approximately 3,000 ft of paved recreational trail from Schoenersville Road to Union Boulevard. This will also include replacement of the wooden boards along the elevated wooden walkway. Improvements will continue from Union Boulevard to the D&L trail at Sand Island and will include but be limited to installation of wayfinding signs, railroad crossing signs, ADA ramps, and crosswalk improvement.

- State the actual or estimated price to the City or the proposed Department budget allowance for the initial term; and state payment rate per unit of service if applicable: \$88,802.00
- Number of renewal term options and duration of each renewal, if any: N/A
- Maximum dollar value of all renewals provided for beyond the original term as if all renewals were exercised: N/A
- Reasons for recommendation of Administration and Council approval of contract:

This project was previously bid and awarded to LVL Engineering, pursuant to which they filed for bankruptcy. Therefore, the project was rebid and the department received bids from three Engineering consulting firms ranging from \$88,802 to \$172,100. We recommend awarding the project to T&M Associates Consulting Engineers as they were the lowest responsible bidder and are well qualified to provide the required services.

Please approve this recommendation by passing the accompanying resolution. A vote of final approval is requested at the first City Council agenda listing of this matter.
