Accessing the Application Portal

The Application Portal is hosted by Neighborly Software and is accessible available via any internet connected device. The recommended browser is Google Chrome but will work with any modern web browser (i.e. Internet Explorer v10+, FireFox, Safari).

Registering your Account

When you access the Portal for the first time, you'll need to Register your account by clicking on the Register link. The registration process will create a user name (which is your email address) and password that will be used for future logins. The email address you choose will also be used for system emails/notifications, so it is recommended to use your work email address. For security purposes, the system will validate that you own the registered email address by sending an email with a validation link.

Note: If you do not receive the system email within 2 minutes, check your spam or bulk mail folder. If the email appears in that folder, you should right click on the email to indicate "Not Junk" or "Not Spam" to ensure you receive any other system notifications.

Forgot your Password

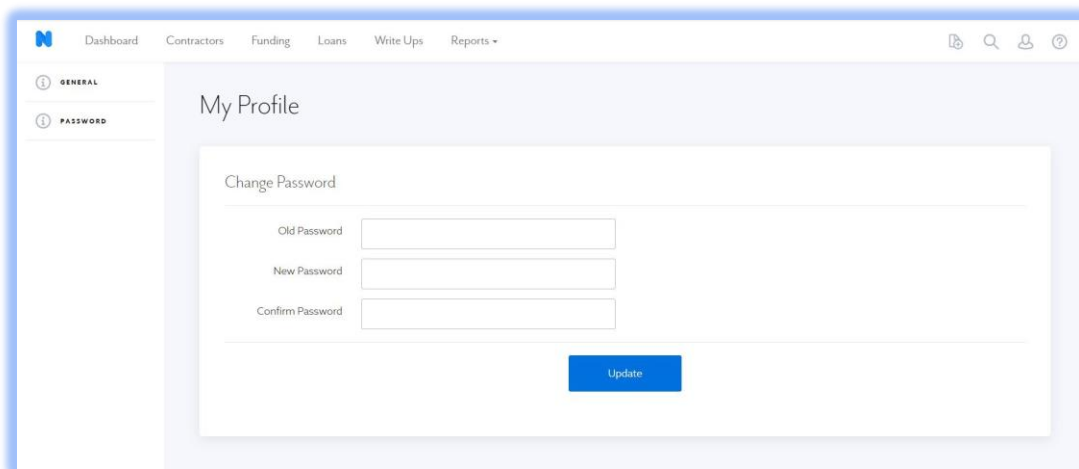

If you forget your password, click on the link that says “Forgot your Password?” and follow the prompts to create a new password. For security purposes, the system will send an email to the registered email address with a link to reset your password.

The screenshot shows a login interface with two tabs: "Sign In" (active) and "Register". Below the tabs are two input fields: "Email Address" and "Password". A checkbox labeled "Remember my email address" is positioned below the password field. A blue "Sign In" button is centered below the form. At the bottom of the form, there is a link labeled "Forgot your Password?" which is highlighted by a blue arrow pointing to it from the right.

Changing your Password

To change your password, log into the Application Portal. Click on the “User Options and Settings” icon on the top right corner of the screen and select “My Profile”. Then select the Password option on the left side of the screen. For security purposes, you will be required to enter your Old Password before selecting a New Password.

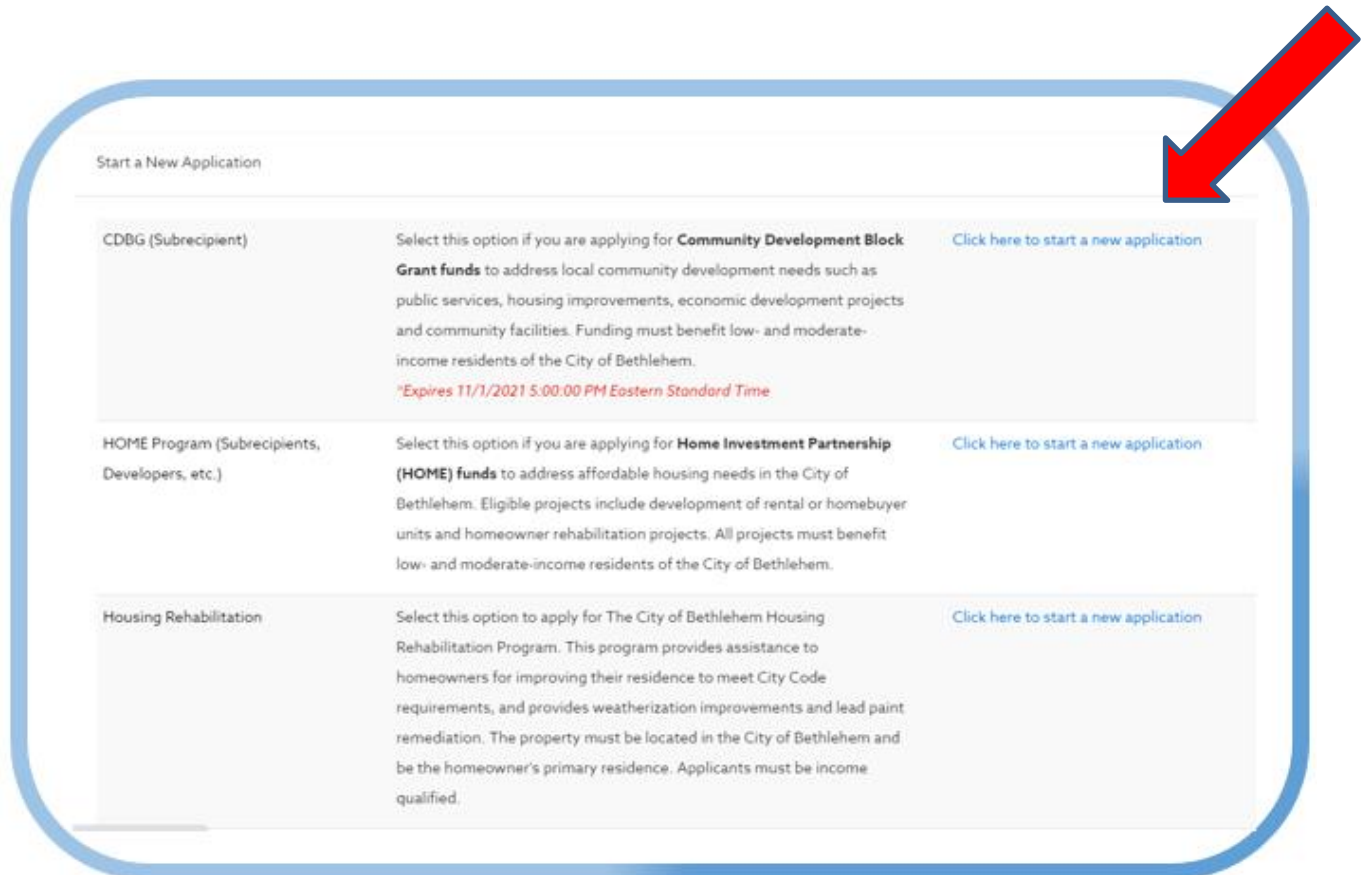

The screenshot displays the "My Profile" page within an application portal. The top navigation bar includes "Dashboard", "Contractors", "Funding", "Loans", "Write Ups", and "Reports". On the left, a sidebar menu has "GENERAL" and "PASSWORD" options, with "PASSWORD" selected. The main content area is titled "My Profile" and contains a "Change Password" form. The form has three input fields: "Old Password", "New Password", and "Confirm Password". A blue "Update" button is located at the bottom right of the form.

Signing Out

To sign out (aka log out) of the system, click on the “User Options and Settings” icon on the top right corner of the screen and select “Sign Out”. Please note that the system will automatically log you out after thirty minutes of inactivity.

Creating a new Application

To create a new application, click on “Click here to start a new application” next to Program for which you want to apply. Follow the prompts to complete all steps of the Application process. As a reminder, you may save an application and return later to complete/submit the application. To access a saved application, select the appropriate application in the “View/Continue and Existing Application” box from the Home screen.

The screenshot shows a web interface titled "Start a New Application". It contains three rows of application options, each with a program name, a description, and a link to start a new application. A large red arrow points to the link for the CDBG program.

Program	Description	Action
CDBG (Subrecipient)	Select this option if you are applying for Community Development Block Grant funds to address local community development needs such as public services, housing improvements, economic development projects and community facilities. Funding must benefit low- and moderate-income residents of the City of Bethlehem. <i>*Expires 11/1/2021 5:00:00 PM Eastern Standard Time</i>	Click here to start a new application
HOME Program (Subrecipients, Developers, etc.)	Select this option if you are applying for Home Investment Partnership (HOME) funds to address affordable housing needs in the City of Bethlehem. Eligible projects include development of rental or homebuyer units and homeowner rehabilitation projects. All projects must benefit low- and moderate-income residents of the City of Bethlehem.	Click here to start a new application
Housing Rehabilitation	Select this option to apply for The City of Bethlehem Housing Rehabilitation Program. This program provides assistance to homeowners for improving their residence to meet City Code requirements, and provides weatherization improvements and lead paint remediation. The property must be located in the City of Bethlehem and be the homeowner's primary residence. Applicants must be income qualified.	Click here to start a new application
