OUR WORK SHOWS

POWER

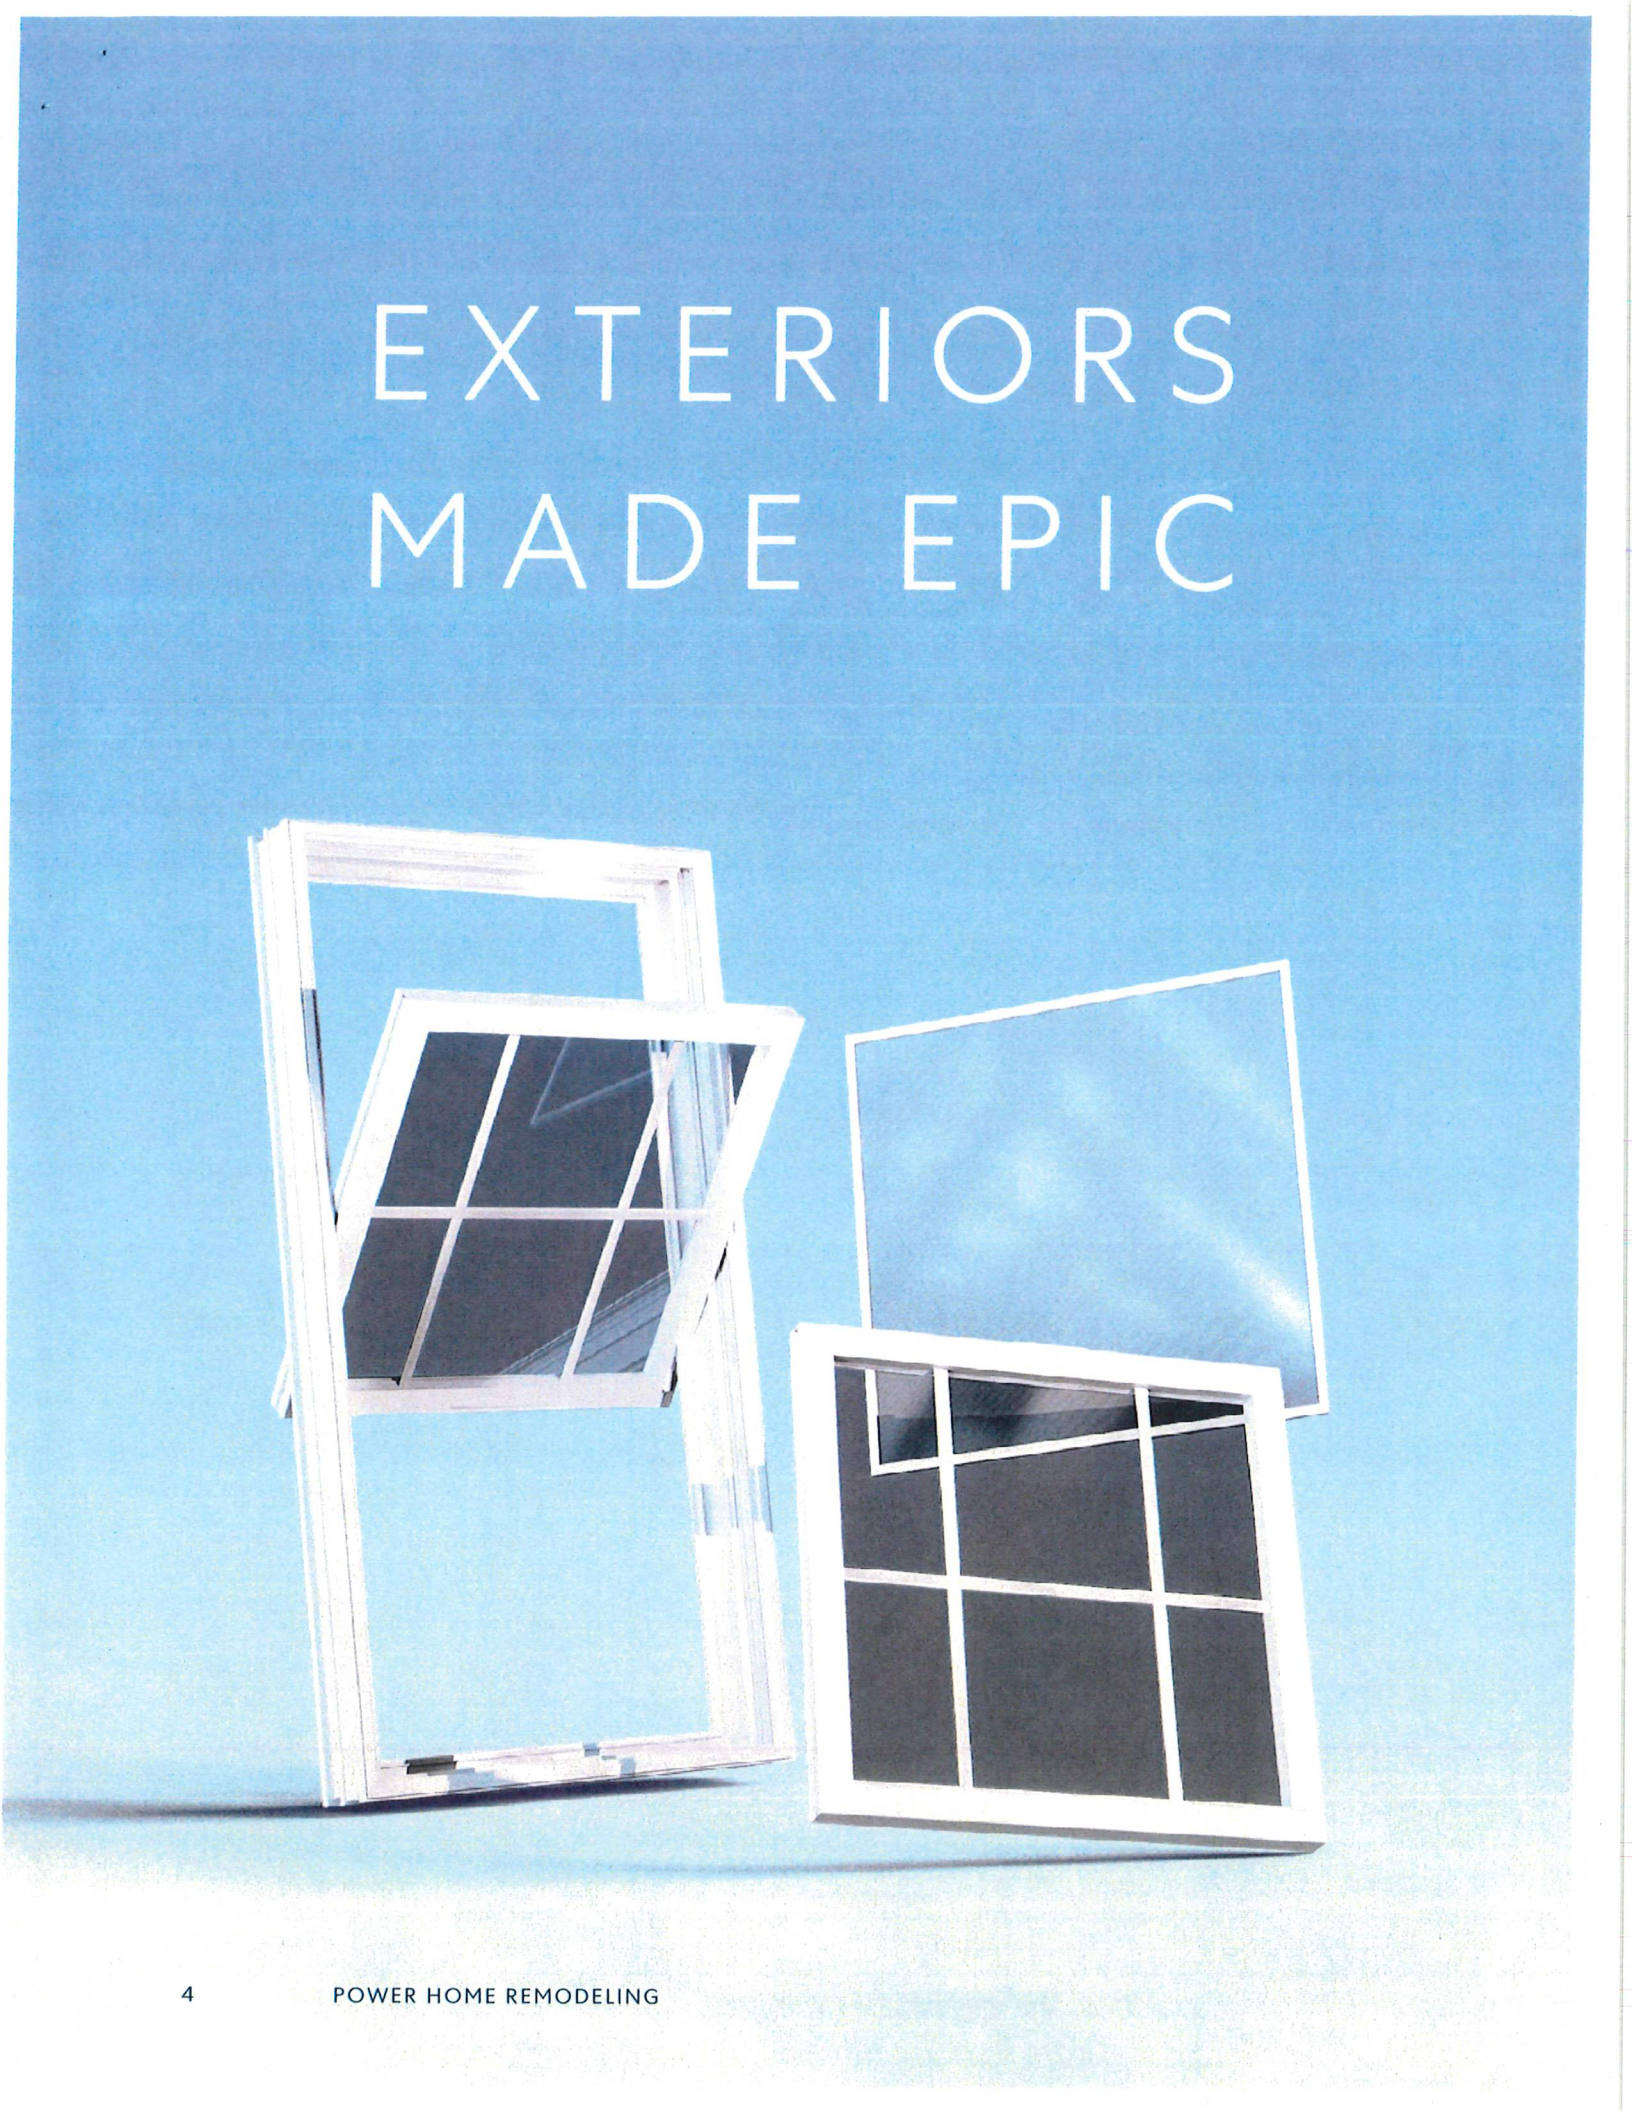

Remodeling your home is an exciting journey. An opportunity to unlock the potential of your most valued asset and create a home you're proud to show off.

Some may see that as pressure. We see it as a privilege. We consider every project a chance to prove ourselves. To tear the roof off your expectations. We won't overwhelm you with undelivered promises or unexpected delays. Just seamless service, time-tested quality, and communication throughout.

Work speaks louder than words. And the only surprise of your remodel will be how delighted you are with the result.

EXTERIORS MADE EPIC

Comfort, beauty, and the best view in your neighborhood. Power Symphony Windows are high-performance, energy-efficient, and secure. With timeless designs and easy operation, these noise-deadening windows are built to brighten your home for the long term.

Our Symphony series is the result of our collaboration with Pella, the first co-branded partnership in their 100-year history. With Pella's best products crafted specially for Power, and our expert installation and service, these windows offer value you can't find anywhere else.

CURB APPEAL

Sleek, contoured design that boosts your home's value.

MADE TO FIT

No cutting or peeling back your existing exterior structure to make the opening fit the window. Our windows are made to fit your home, not the other way around.

UNPARALLELED SECURITY

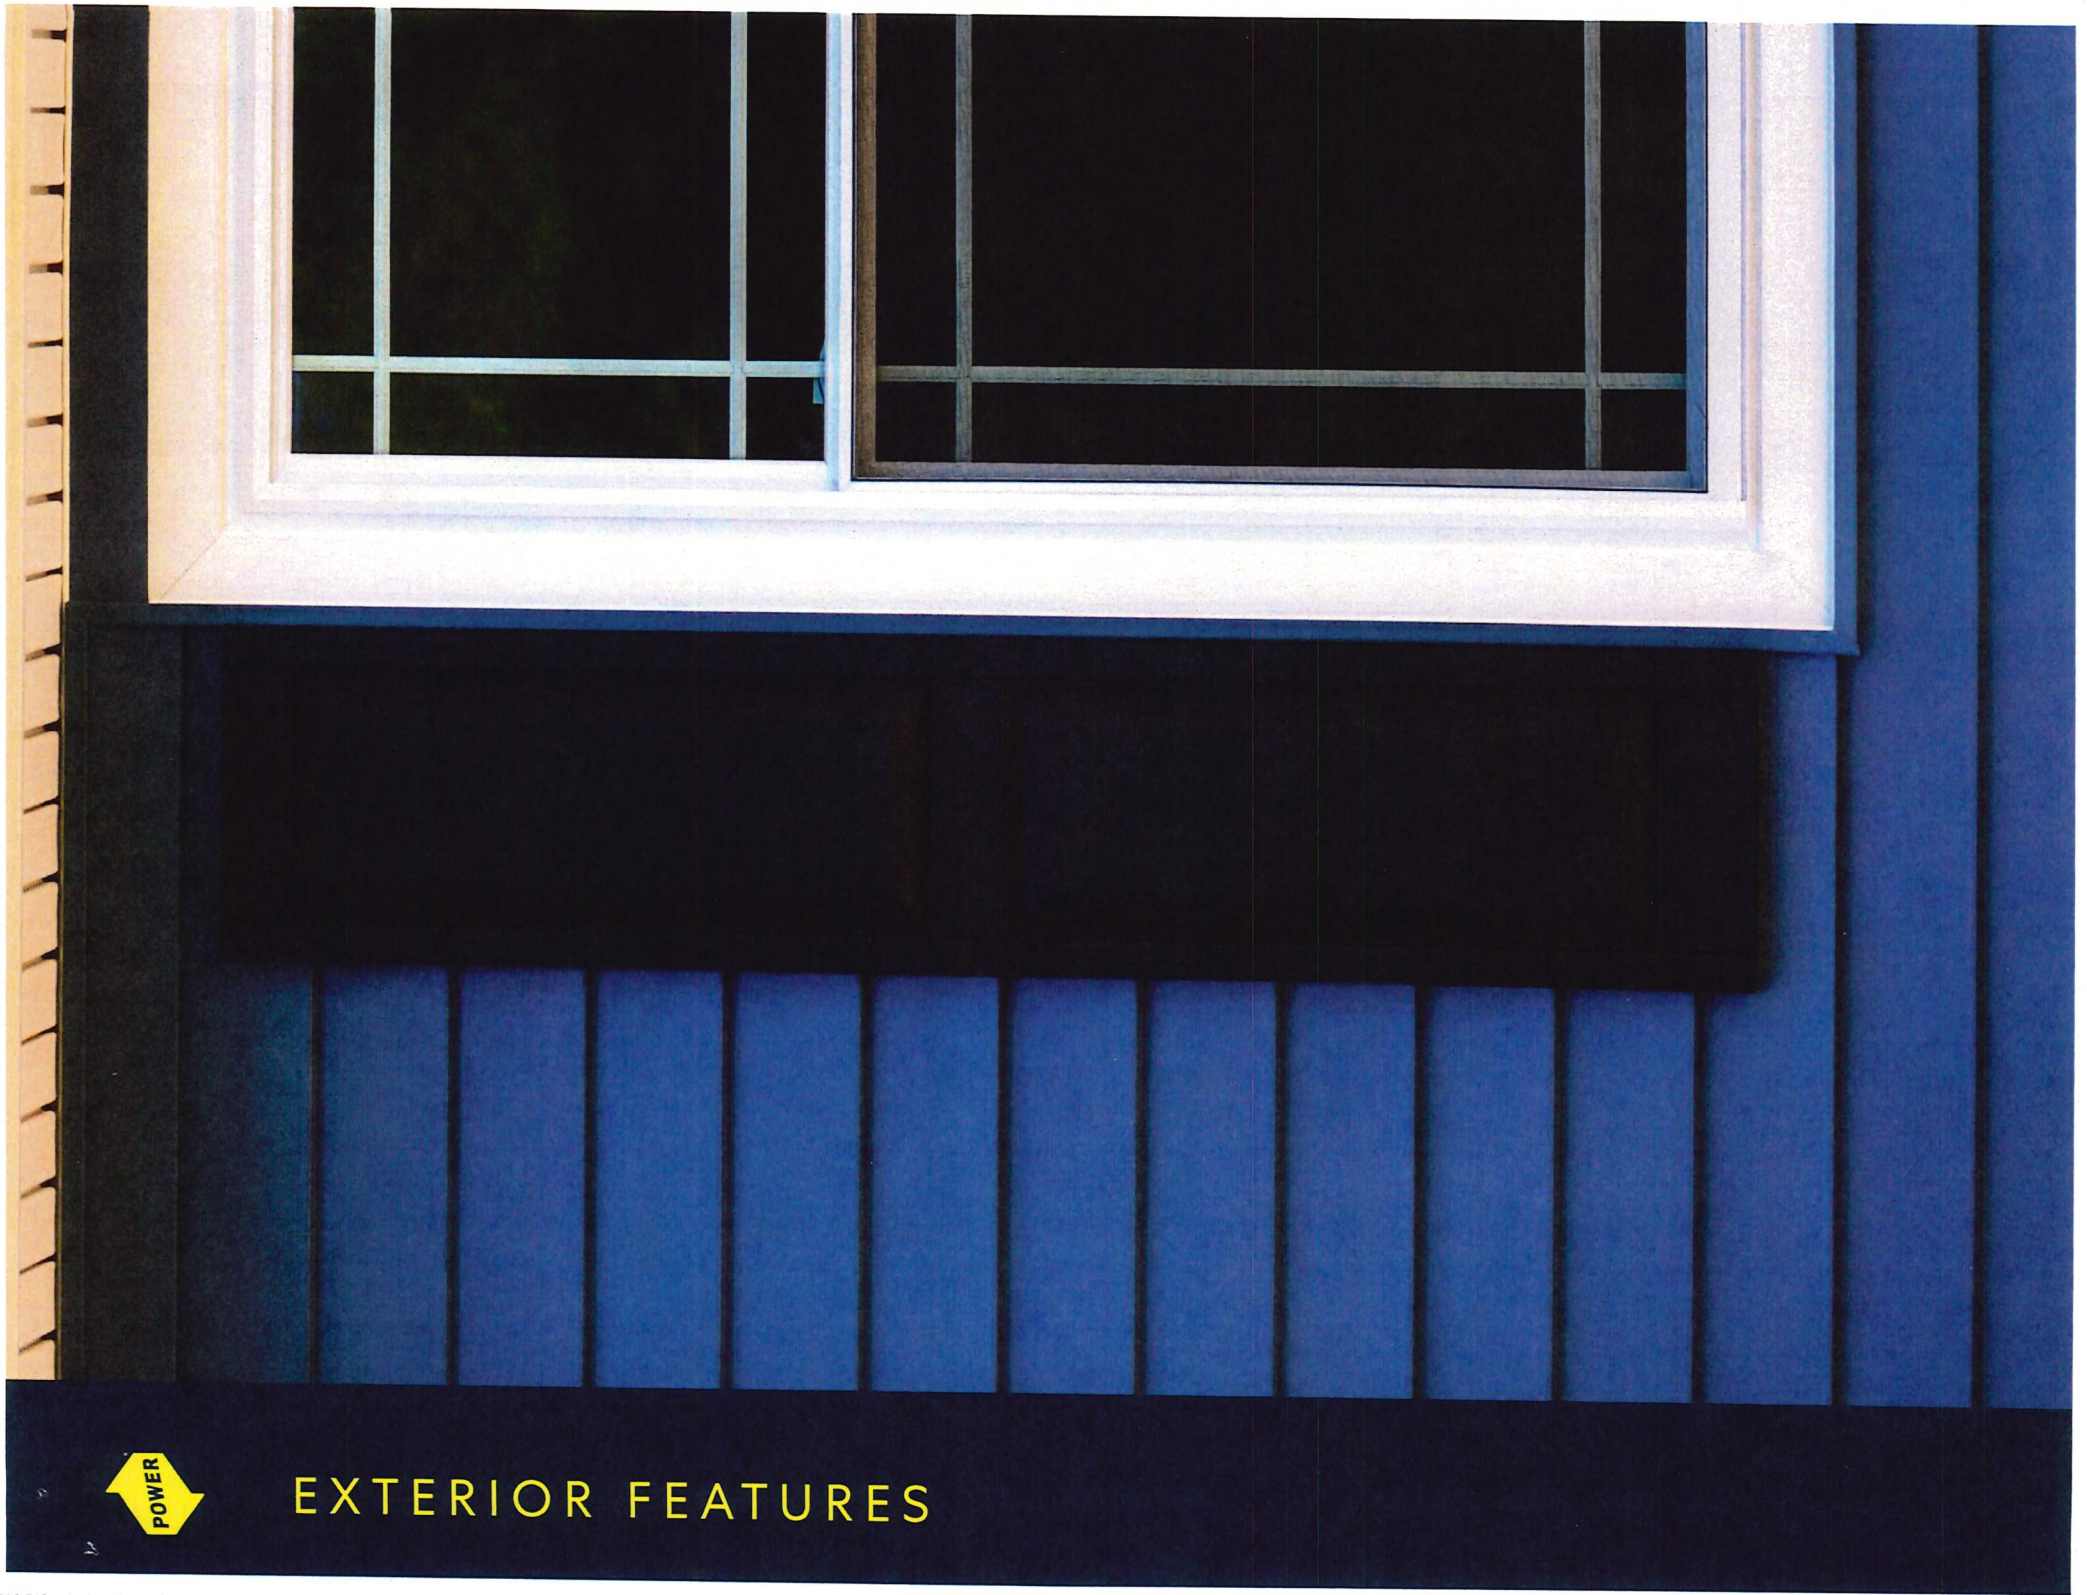

Secure locking system and steel-reinforced rails that protect your home.

ENDURES THE ELEMENTS

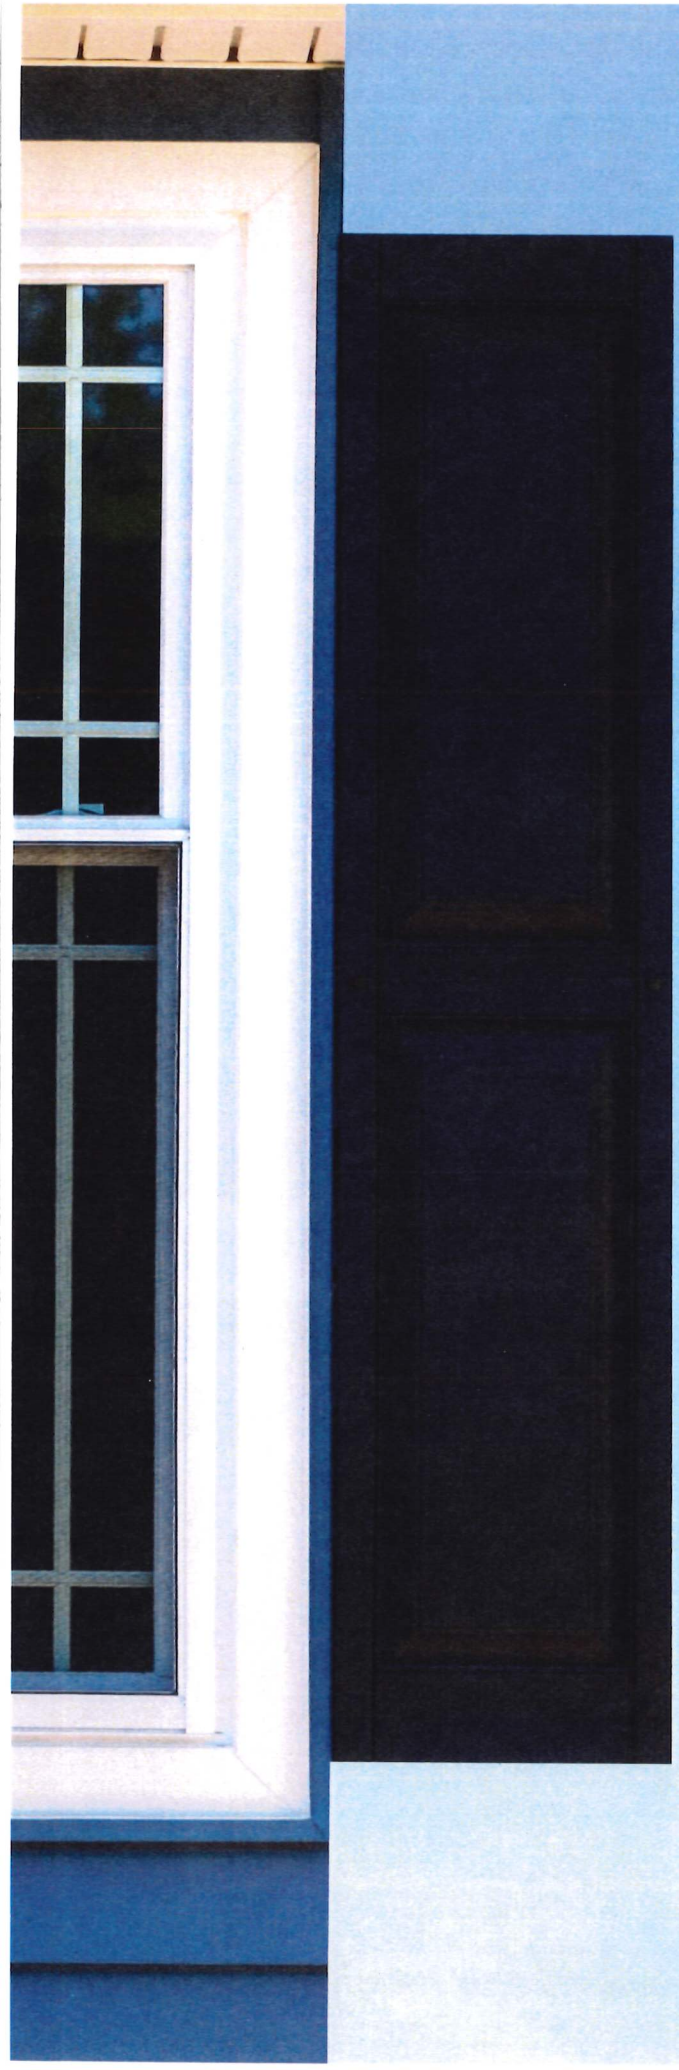

From professional installation to quality materials, our windows withstand the elements and maximize the comfort of your home.

NOISE-REDUCING

Patented zen glass and foam-insulated frames act as noise-reducing headphones for your home.

EXTERIOR FEATURES

FUNCTIONAL SCREEN

Fiberglass mesh screen lets air in and keeps bugs out

SLOPED SILL

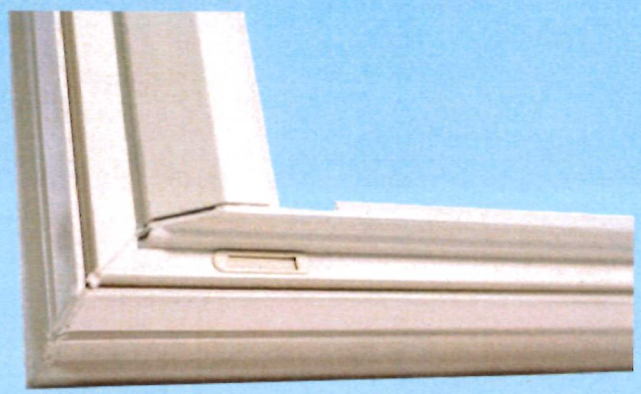

Maintenance-free water management

EXTERIOR CUSTOM CAPPING

Maintenance-free weather barrier protects home from the elements and provides a picture-frame finish

BEVELED EDGE

Maintains window integrity and exudes elegance

POWER LEAK GUARD

Advanced weep hole drainage system protects against moisture by channeling water away from your home.

POWER
