OWNER MUST OBTAIN ANY NECESSARY PERMIT(S) BEFORE WORK CAN BE STARTED

We hereby submit specifications and cost to replace the front porch roof and rear shingle roofs, the front main slate roof is not included, at the above location as outlined below:

The process includes removing and disposing of the existing shingle roofing material from the above roof areas. Ice and Water Shield material will be installed around the skylight and along the bottom edges of the roofs. *GAF Tiger Paw synthetic felt and *GAF Slateline Antique Slate fiberglass shingles will be installed using 1¼ inch roof nails to fasten them; one-inch roof nails will be used for the front porch. New aluminum drip edge will be installed around the perimeter of the roofs. The chimney flashings will be evaluated and if necessary, replaced. A new power fan and new vent pipe flanges will be installed to replace the existing. Seal-a-ridge hip and ridge shingles will be installed over the ridges and on neighboring seams. Debris will be removed from the gutters and downspouts after the new roof is installed.

Cost: \$5,362.00 if roof is replaced at same time as neighbor's at 239 E. Church Street.

Payment schedule: ^{pt. # 267 12/17/21} \$ 500.00 due with return of signed contract.
\$4,862.00 balance upon completion of work.

Cost based upon removing one layer of shingles.

*GAF WARRANTY INFORMATION: Alan Kunsman Roofing & Siding, Inc. is a GAF Master Elite installer and because of this you are receiving a Weather Stopper System Plus warranty. This warranty includes full material and labor replacement costs for fifty (50) years in the event of material defect. All GAF laminated Architectural shingles are covered by a life-time limited warranty. This means that the shingles are warranted for the lifetime of the original owner of a single family detached residence and entire structure of a duplex home if both properties are completed at the same time. All other structures, including duplex roofs where both properties are not replaced at same time, are covered by a full labor and material warranty for the first twenty years only in the event of material defect. Starting with the twenty-first year the warranty is prorated and covers materials only in the event of material defect, the length of the warranty is 40 years. This Limited Warranty may be transferred only once. See GAF website for further information.

Replacement of any deteriorated wood will be handled on a time and material basis at a cost of \$85.00 per man per hour. If existing ice and water shield has been directly applied to the wood decking, there will be an additional cost to replace the wood decking as ice and water shield cannot be removed from the wood. Workmanship outlined above is guaranteed for five years from the date of completion.

Approximate start and completion dates: within 60 days of receiving signed contract weather permitting. Approximate times are based on ideal weather conditions and scheduling.

Please remove items from walls and ceilings to avoid vibration damage. Not responsible for nail pops and/or cracks in drywall.
