Subject: Street Vacation Petition - 2nd Avenue

Date: July 7, 2022

We have reviewed the petition to vacate a portion of Second Ave at the northwest intersection with Spring Street and offer the following:

- A Utility Easement must to be created along the Second Ave. property line. The easement should be three (3) feet wide running along the full length of the property line facing Second Avenue. This easement is necessary to allow access to the existing underground electrical conduits for the street lights.
- A request has been submitted by our Electrical Bureau to PPL Electric Utilities to remove the unused utility pole from the to be vacated area.

If you have any questions or would like to discuss, please let me know. Thank you.
