RE: Vuono Salon
Special Exception Hearing

To whom it may concern,

May 12, 2023

RECEIVED

MAY 12 2023

CITY OF BETHLEHEM BUREAU OF PLANNING & ZONING

The purpose of this letter is to provide appropriate information regarding this project, the Owner's Special Exception request, and provide the reasons why we feel this request should be granted.

The existing Building is a 2 story, with basement, residence of approximately 690 square feet in footprint. It is situated at 1147 Arcadia St. largely a residential neighborhood. We plan on maintaining the residential look of the house, and do not plan any exterior renovations. In fact, other than a small sign (in compliance with 1320.08,(a)(9)), indicating her Salon name, no other indications will exist that this is anything other than a residence. Such residence being maintained as her home. In response to, and following the General Requirements for the granting of this Special Exception, her home and Salon will be in harmony with the character of the neighborhood, will certainly be in the best interest of the neighborhood as it creates a convenience to her neighbors. Thus, it represents a substantial improvement to her neighborhood.

Due to the expected low volume of clients to her salon, the business will be appointment-only, with work hours from 9:00 a.m. to 7:00 p.m. at the latest. With this low volume, and the fact that she expects most clients to be from the neighborhood and walking, very little parking will be required. Even in the event of parking being required, there is parking on both sides of the street. In addition, with the vast majority of her work hours being during the day, a time when residents are away from home and working, and thus the street will be relatively vacant and available for parking. She has good access via a sidewalk in front of her house, and there are no significant site features such as steep slopes, wetlands, or other deterrents to her opening a Salon and the public safely accessing it.

As for the Special requirements, we have reviewed and measured the home, and have confirmed that her Salon will make use of only about 20% of her useable square footage of the house, see the attached drawing and calculations. She will only be using the main house, not any accessory structure.

She will be the sole proprietor of the business, and does not plan on hiring any employees. She will serve her local customers on an individual basis by appointment only. She will be running a service business with no retail sales. What minor deliveries of hair care products might be required, will be done so via car, or at worst case, via a delivery van. She will not be having bulk deliveries of product. Thus, there is no significant storage requirement at her home.

Along with this letter, we have provided a floor plan that outlines the use of the home, and the approximate square footages of those uses. We have also provided a schematic site plan, taken from a satellite view. On behalf of the owner, we respectfully request that the Zoning Hearing Board carefully consider the items above. Her Salon uses is in conformance with, will not be a detriment to, and in fact will enhance her neighborhood. The existing character of her neighborhood shall remain unchanged with the opening of her Salon. In fact, her Salon will enhance her neighborhood by providing a much-needed service.

If there is anything else, please advise directly via email, or you may call my cell at [REDACTED] Thank you, and I look forward to any additional comments.

Sincerely,
