RE: Zoning Capital Program 2025-2029

Attached is the draft Capital Program for the years 2025 through 2029. The Capital Program is reviewed by the Planning Commission annually. The Planning Commission forwards a recommendation to City Council annually prior to October 1st each year.

The attached spreadsheet outlines a spending timeline and funding sources for all capital projects through 2029. The attached narrative describes the projects and their history in more detail.

This will be placed on your September 12 agenda for discussion and recommendation. At that meeting we will review the projects in greater detail.
