Dear Sir/Madam,

I'm seeking relief to build a storage shed in the backyard of my property at 709 Yeates St. Bethlehem, PA 18017. The lot size is narrow and, therefore, cannot meet the 15 foot setbacks on the North and South sides of the property. I'm requesting a variance of 7 feet on each side. The shed will have a framed wood floor that will be set on concrete footings (not a permanent pad). The purpose of the shed will primarily serve as additional storage space for materials such as scaffolding, ladders, yard equipment, etc. It is imperative that the storage shed be this size due to the type and quantity of equipment listed above.

In closing, adding this storage shed to my backyard will be beneficial in organizing/stowing such equipment. I appreciate your careful consideration in this matter and hope you can understand my need for this variance.

Sincerely yours,

Joel Moyer
