HB&G PermaCast® Plus Columns are available in round or square. The round columns are fluted or plain, with or without the classic tapering of the upper two-thirds of the column. Square columns are available in a variety of styles as well, including plain or fluted,

applied panel, recessed panel, or the Craftsman style column. Our capitals and bases are made from durable low maintenance materials, and, like the columns, they maintain architectural authenticity and historical accuracy.

*Products shown have been finished for demonstration purposes. PermaCast® Plus and Rough Sawn® Columns ship unfinished.

See pages 15 and 16 for cap and base dimensions.

*There may be a variance of up to 1/4" in all dimensions. Fluted columns available in all diameters. See page 14 for capital dimensions. See page 16 for decorative capital dimensions. Standard Fluted Column (Fluted in most).

*Self columns are not load bearing.

Plumb-Fit®

To make installation even easier our 6"-12" round and square Poly Tuscan Cap and Base Sets with flashing can come with the Plumb-Fit® patented (Patent 9696974) installation system included.

The HB&G Porch Installation Bracket includes the bracket and all required hardware. The bracket fits 20" - 30" Plain Round PermaCast® Plus Columns and will secure a 2nd story porch to our PermaCast® Plus Columns. Three brackets are required for each column.
