

I am writing to respectfully request zoning relief to allow for the operation of a small barber space for 1 barber chair within my residence.

The barber area would be in a small, designated portion of my home and would not alter the residential character of the property or interfere with nature of the neighborhood. Trash will be minimal for I plan to serve one client at a time by appointment only and ensuring hair clippings will be the only thing disposed of. I will not be providing wet or chemical services. There will be a minimal impact on traffic and my hours of operation will be Monday through Friday 8am-4pm and Saturday 7am-2pm. I will be closed on Sundays. I have parking for three cars and no structural changes to the property are needed. I will comply with all health and safety, and licensing regulations applicable to home-based businesses and personal services.

I truly appreciate your consideration of this request and am happy to provide any additional information or answer any questions the board may have.
