

BETHLEHEM CITY COUNCIL MEETING  
10 East Church Street - Town Hall  
Bethlehem, Pennsylvania  
Tuesday, February 3, 2026 - 7:00 PM

PLEDGE TO THE FLAG

1. ROLL CALL

The meeting was called to order by President Rachel Leon. Present were Justin Amann, Bryan G. Callahan, Michael G. Colón, Jo C. Daniels, Hillary G. Kwiatek, and Ms. Leon, 6; Absent was Colleen Laird, 1.

2. APPROVAL OF MINUTES

January 20, 2026

3. PUBLIC COMMENT

A. PUBLIC COMMENT (on any subject not being voted on this evening - 5 Minute Time Limit)

*Mike Garcia*

Mr. Garcia said the amount of development on the South Side is taking away the atmosphere of the City. If these buildings must be constructed, he urged the use of American labor.

*Alex Miller*

Mr. Miller raised concerns about the use of Flock Safety for police surveillance. He noted recent legislative and media concerns that privacy is being compromised. Some of the camera feeds were left exposed for Internet users and could be used by U.S. Immigration and Customs Enforcement (ICE). The remedy is for communities to not contract with Flock or those offering similar services.

*Mark Will-Weber*

Mr. Will-Weber compared a person's online concern about a high monthly electric bill to City water bills. He again asked that the City offer water apps for customers to monitor their usage for unusual activity such as leaks to avoid waste leading to higher water bills.

*Harry Faber*

Mr. Faber spoke out about injustices related to ICE activities. He urged Council to pass legislation to prevent law enforcement from sharing information and resources with ICE.

*William Scheirer*

Mr. Scheirer recommended that the Parking Authority's annual financial statement be publicized more. He also said that the proposed seven-story building next to the Walnut Street Garage will detract from the appeal of Main Street.

*Stephen Antalics*

Mr. Antalics noted that a strong advocate of restoring four firefighter positions to the payroll is no longer on Council. He encouraged support for funding these positions.

B. PUBLIC COMMENT (on ordinances and resolutions to be voted on by Council this evening - 5 Minute Time Limit).

*Stephen Antalics*

Mr. Antalics restated his support allowing retiring police officers to be able to purchase their firearm. He said the public supports this practice, and all members of Council should as well.

4. OLD BUSINESS

- A. Members of Council
- B. Tabled Items
- C. Unfinished Business

5. NEW BUSINESS

*Ms. Kwiatek*

Ms. Kwiatek believed that the City contracts with Flock for license plate readers but has been told that the data is not shared with that company. Police Chief Michelle Kott has said, and repeated this evening, that the data is not placed on any open-source website that is available to the public. This differs from some other departments that chose to release the information unredacted to the public.

*Mr. Callahan*

Mr. Callahan said the proposed seven-story building next to the parking garage will look "atrocious." Worse yet, the location is within the history district. He also observed that the golf fund finished 2025 with a \$700,000 additional profit over the projected profit. Business Administrator Eric Evans said the golf fund is one of the City's self-sustaining accounts that is segregated from the General Fund and other money. The profit will largely be used for replacing the golf storage barn next to the recycling center. Mr. Callahan said he still wants to find money to restore the four firefighter positions totaling about \$460,000 for the last six months of 2026 and had hoped that some of this profit could be used for this purpose. He was told that money from self-sustaining funds such as the golf course and water and sewer funds could not be used for other purposes such as paying to employ firefighters.
