Dear Historical Architectural Review Board,

The post lamp in front of 136 Market Street has become too difficult for anyone my age (and anyone younger working for me) to disassemble (while on a ladder) to replace the bulb. Basically everyone is afraid of either falling off the ladder or dropping parts of the lamp and breaking it.

Simplest solution is to get a lamp with a bulb or bulbs that are easily accessible.

The current lamp is pictured below:

Information on the lamp with which I wish to replace it may be found on the following pages. I was only able to find 1 lamp in black with a hinged door. It is approx. 20 x 9 inches while the lamp pictured above is, near as I can tell, closer to 34 x 12 inches – which is now considered to be "supersized." The new lamp will look, I think, about the same size as what is currently enclosed by the clear glass globe on the light above, i.e. without the ruffle and two-tiered "bonnet" perched on top.

Unless necessary to fit the new lamp (or required by HARB), I don't plan on changing the post itself.

Thank you for your consideration.

Susan Cumings

Progress Lighting

Kiawah 3 Light 20-7/8" High Outdoor Post Light with Clear Seeded Glass Panels

Model: P540001-031

Finish: Black

Details

Seeded glass panels and traditional detailing combine to create a soft and updated lantern design. Hinged door for easy relamping is available for post, hanging wall lanterns. The small wall lantern is open on bottom to easily access the lamp.

Features

- Mounting: 3" post or pedestal mounted
- Housing is constructed of aluminum - providing years of reliable performance
- Comes with clear seeded glass panels
- Requires (3) 180 watt Candelabra (E12) bulbs

- Designed for use with antique Edison filament bulbs
- Capable of being dimmed when used with incandescent bulbs
- CSA rated for wet locations
- Covered under a 1 year limited manufacturer warranty

Dimensions

- Height: 20-7/8"
- Width: 9-1/2"
- Product Weight: 5.8 lbs

Electrical Specifications

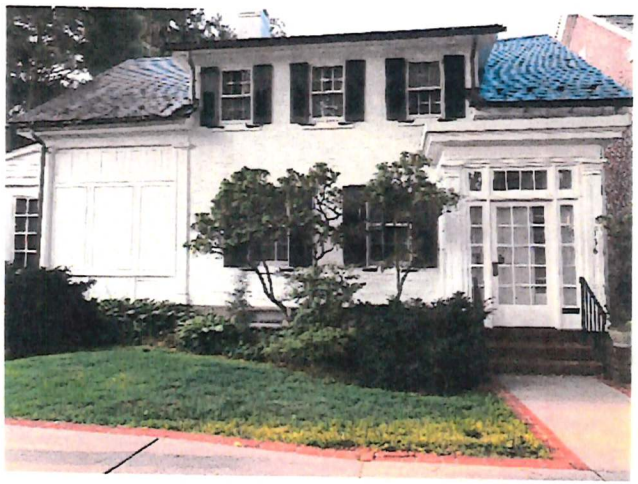

- Bulb Base: Candelabra (E12)
- Number of Bulbs: 3
- Bulbs Included: No
- Watts Per Bulb: 60 watts
- Wattage: 180 watts
- Voltage: 120 volts

Dimensions and Measurements

Height	20.875 in.
Product Weight	5.76 lbs.
Width	9.5 in.
Wire Length	6 in.
