Additional Information:

I understand that this order will be placed according to these specifications and is non-refundable. All products are unfinished unless otherwise specified and should be finished as per the instructions provided by the manufacturer.

Images on this quote should be considered a representation of the product and may vary with respect to color, actual finish options and decorative glass privacy ratings. Please verify with sales associate before purchasing.

Unless otherwise noted, prices are subject to change without notice, and orders accepted subject to prices in effect at time of shipment. Prices in this catalog apply only to sizes and descriptions listed; any other specifications will be considered special and invoiced as such.

The level of exposure a door faces directly impacts its longevity and performance. To ensure durability, doors in high-exposure areas should be constructed from robust materials and properly sealed for enhanced protection and you may want to consider an overhang.

The color used by REEB is created from a color match process. The color created and applied by REEB can be affected by various elements which can lead to slight variations from the color you selected. REEB is not affiliated with any paint manufacturer/supplier and may use the paint of any paint manufacturer/supplier to match the selected color.

Description of project

PROPOSED PROJECT

108-110 Wesley Street Bethlehem, PA 18018

Description: The proposed project is located at 108-110 Wesley Street. This dwelling is deeded and located on the same property as 404 Center Street. The proposed work includes the following project.

Project 1 (Window removal and Door replacement)

On the North wall of 108-110 Wesley street, with this wall facing Wesley St we propose to remove 2 small windows, frame the openings in, install wood siding to match the existing, and paint to match the existing colors. On this same wall we propose to replace the entry door with a new door that includes sidelights and a transom window above. See pan A-10 Attached.

A Therma-Tru® door system with Tru-Defense system components is a high-performing door system backed by a lifetime limited warranty and a comprehensive Tru-Defense Warranty Rider.

Tru-Defense: The Ultimate Protection

More than beautiful doors and glass, a complete door system includes the components used to assemble it. We manufacture or specify every aspect of a complete door system. The Therma-Tru genuine components in a Tru-Defense door system are our premium options for long-lasting durability.

DOUBLE YOUR PEACE OF MIND

When it comes to door systems, we believe that proper installation is just as important as having the best components. A Tru-Defense door system installed by a Therma-Tru Certified Door System Installer doubles your reimbursement eligibility should an issue arise.* Look for the (🔒) icon.
